# Why Choose KUMIZH?

## Biodegradable

100% compostable bagasse plates — decompose naturally, enriching soil without toxic residue.

## Oil Resistant

Oil-resistant bagasse fiber — zero grease seep-through, ensuring mess-free dining.

## Waterproof

Waterproof bagasse holds soups, curries & liquids without leaking or softening.

## Microwave Safe

Safely reheat meals without compromising product integrity — no harmful chemicals released.

## Plastic-Free

Pure plant fiber — no plastic coating, no chemicals. 100% natural sugarcane bagasse.

## Versatile

Perfect for restaurants, cloud kitchens, caterers, events, schools & home use.
